

Taking online medical education to higher levels

With Intellego's Think Medicine online medical seminars you now have access to the finest and most current medical education seminars available anywhere...state-of-the-art lectures and symposia created by leading doctor-educators dedicated to improving medical education.

These courses fully utilise:

- outstanding graphics and visual effects
- leading-edge animation
- text and audio options to suit your learning style
- user-friendly navigation

Access 24/7 every day of the year...education at a time which suits you and planned around your schedules. Our comprehensive library of seminars provides an invaluable learning and reference resource which can be accessed at any time and as often as required. Updating on a clinical topic or learning a totally new subject is easy with these simple to use but comprehensive learning resources.

Maintaining your record of learning...a record of your learning activities is maintained in the system for your reference. Every learning seminar provides the opportunity to undertake an online examination which delivers a unique and personalised completion certificate; this can be used as evidence of learning in your personal development files.

REGISTER TODAY... it is free to register on the Intellego Learning System, simply go to www.intellego-learning.co.uk and complete the simple registration form. Once you have registered, you can review the full library of seminars and securely purchase access to individual modules or access to the full library as required.

Intellego Medical Seminars

Cardiology

- TM-005 Acute Coronary Syndromes: non ST Elevation MI
- TM-006 Acute Coronary Syndromes: ST Elevation MI
- TM-014 Arrhythmias Diastolic Heart Failure
- TM-017 Atrial fibrillation 1: Pharmacologic approach
- TM-018 Atrial fibrillation 2: Non-pharmacologic approach
- TM-021 BDX1 Peripheral Circulation ; Venous Pulses
- TM-022 BDX2 Technique of Auscultation and valve closure sounds
- TM-023 BDX3 Valve opening, Diastolic ejection ; mid-systolic and extra cardiac sounds
- TM-024 BDX4 Heart Murmurs ; general and mid-systolic
- TM-025 BDX5 Holosystolic ; early and late systolic murmurs
- TM-026 BDX6 Diastolic murmurs
- TM-027 BDX7 Combined Systolic, diastolic and continuous murmurs
- TM-039 Clinical ECGs Part 1: Contours
- TM-040 Clinical ECGs Part 2: Arrhythmias
- TM-060 Diastolic Heart failure
- TM-088 Heart disease in Women
- TM-092 Infective endocarditis
- TM-109 New devices in the Treatment of Arrhythmias
- TM-130 Peripheral Arterial Disease
- TM-143 Stroke
- TM-144 Sudden Cardiac Death in Athletes
- TM-145 Syncope: Epidemiology, Prognosis and Diagnostic Evaluation
- TM-147 Systolic Heart Failure
- TM-153 Type 2 Diabetes Mellitus
- TM-155 Valvular Heart Disease - Aortic Disorders

TM-156 Valvular Heart Disease - Mitral Disorders

TM-158 Venous disease

Dermatology

- TM-043 Cutaneous Neoplasms - Benign Lesions
- TM-044 Cutaneous Neoplasms - Pre-malignant and Malignant Lesions
- TM-094 Inflammatory Dermatoses
- TM-140 Skin and Soft Tissues infections

Ear, Nose and Throat

- TM-009 Allergic Hypersensitivity Reactions of the upper Airways
- TM-010 Allergic Rhino-conjunctivitis
- TM-030 Benign Lesions of Head and Neck
- TM-063 Disorders of the Nose and Sinuses
- TM-064 Dizziness
- TM-069 Evaluation and Treatment of Voice Disorders, Part 1 Anatomy, History and Physical Exam
- TM-070 Evaluation and Treatment of Voice Disorders, Part 2 Treatment of Common Disorders of the Voice
- TM-072 Facial Paralysis and Surgery
- TM-086 Hearing Loss Part 1
- TM-087 Hearing Loss Part 2
- TM-103 Malignant Lesions of the Head and Neck 1
- TM-104 Malignant Lesions of the Head and Neck 2
- TM-132 Pharyngitis

Emergency Medicine/Trauma

TM-002 Abdominal pain
 TM-005 Acute Coronary Syndromes: non ST Elevation MI
 TM-006 Acute Coronary Syndromes: ST Elevation MI
 TM-007 Acute Renal Failure - Anatomy and Physiology
 TM-011 Altered mental status
 TM-012 Anaphylaxis, Anaphylactic/Non-anaphylactic Food Reactions
 TM-017 Atrial fibrillation 1: Pharmacologic approach
 TM-018 Atrial fibrillation 2: Non-pharmacologic approach
 TM-020 Axial Low Back Pain
 TM-028 Behavioral emergencies
 TM-034 Cervical Degenerative Disk Disease
 TM-039 Clinical ECGs Part 1: Contours
 TM-040 Clinical ECGs Part 2: Arrhythmias
 TM-041 Common Sports Injuries of the Ankle
 TM-056 Deformities, Injuries and Infections of the Hand
 TM-057 Dementia syndromes
 TM-060 Diastolic Heart failure
 TM-065 Domestic Violence, Intimate Partner and Child abuse
 TM-068 Environmental emergencies
 TM-075 Gout and Pseudogout - Easy to Diagnose. Easy to Miss.
 TM-076 Hand Conditions
 TM-090 Hip and Pelvis Disorders
 TM-096 Injuries/disorders of the Elbow and Shoulder
 TM-097 Injuries/disorders of the Knee
 TM-106 Musculoskeletal Emergencies
 TM-110 Obs and Gyn Emergencies
 TM-119 Pain Management - Acute

TM-122 Pediatric Emergencies
 TM-125 Pediatric Sports Injuries: Introduction & Soft Tissue Injuries
 TM-126 Pediatric Sports Injuries: Lower Extremity Injuries
 TM-127 Pediatric Sports Injuries: Upper Extremity Injuries
 TM-131 Peripheral Venous Cannulation
 TM-138 Sexual Assault
 TM-141 Spine Trauma
 TM-142 Stable Angina Syndromes
 TM-143 Stroke
 TM-144 Sudden Cardiac Death in Athletes
 TM-145 Syncope: Epidemiology, Prognosis and Diagnostic Evaluation
 TM-147 Systolic Heart Failure
 TM-150 Toxicology
 TM-158 Venous disease
 TM-159 Vertigo, Pre-syncope and Disequilibrium Gait Disturbances
 TM-162 Wound care

Endocrinology

TM-058 Diabetic Nephropathy
 TM-059 Diabetic Retinopathy
 TM-061 Disease of the Pancreas
 TM-153 Type 2 Diabetes Mellitus

Evidence Based Medicine, Quality Control and AGCME Competencies

TM-008 Advanced outcomes management
 TM-042 Cultural Barriers to Quality
 TM-071 Evidence Based Medicine
 TM-100 Introduction to Quality Measurements
 TM-134 Preparing for ACGME Competencies

Gastroenterology

- TM-002 Abdominal pain
- TM-033 Celiac Disease
- TM-038 Cirrhosis
- TM-061 Disease of the Pancreas
- TM-062 Diseases of the Gall Bladder
- TM-089 Hepatitis
- TM-093 Inflammatory Bowel Disease
- TM-111 Oesophageal Cancer
- TM-129 Peptic Ulcer Disease

Gynecology

- TM-088 Heart disease in Women
- TM-110 Obs and Gyn Emergencies
- TM-112 Office Gynecology for the family practitioner
- TM-138 Sexual Assault

Hematology / Oncology

- TM-013 Approach to Anemia - Pediatric
- TM-029 Benign Breast Disease
- TM-030 Benign Lesions of Head and Neck
- TM-031 Breast Cancer
- TM-043 Cutaneous Neoplasms - Benign Lesions
- TM-044 Cutaneous Neoplasms - Pre-malignant and Malignant Lesions
- TM-111 Esophageal Cancer
- TM-095 Inherited Bleeding Disorders
- TM-101 Late Effects of Pediatric Cancer Therapy
- TM-103 Malignant Lesions of the Head and Neck 1
- TM-104 Malignant Lesions of the Head and Neck 2
- TM-121 Pediatric Brain Tumors

- TM-128 Pediatric Hodgkin's Disease
- TM-123 Pediatric Leukemias
- TM-124 Pediatric Palliative Care
- TM-149 Thrombosis in Children
- TM-152 Tumors of the Lung, Pleura and Mediastinum
- TM-154 Understanding Sickle Cell Disease

Infectious Disease / Allergies

- TM-009 Allergic Hypersensitivity Reactions of the upper Airways
- TM-010 Allergic Rhino-conjunctivitis
- TM-012 Anaphylaxis, Anaphylactic/Non-anaphylactic Food Reactions
- TM-015 Asthma Part 1 – A General Overview
- TM-016 Asthma Part 2 – Exploring Asthma
- TM-037 Chronic Fatigue Syndrome
- TM-056 Deformities, Injuries and Infections of the Hand
- TM-063 Disorders of the Nose and Sinuses
- TM-066 Drug Allergies
- TM-163 Food Allergies and Anaphylaxis NEW
- TM-089 Hepatitis
- TM-091 HIV for the Primary Care Practitioner
- TM-092 Infective endocarditis
- TM-105 Meningitis
- TM-132 Pharyngitis
- TM-133 Pneumonia, Community-Acquired
- TM-140 Skin and Soft Tissues infections
- TM-148 The Red Eye/Conjunctivitis
- TM-160 Wheezing Infant Part 1
- TM-161 Wheezing Infant Part 2

Nephrology

- TM-003 Acid Base Disorders - Acidosis 1
- TM-004 Acid Base Disorders - Alkalosis 2
- TM-007 Acute Renal Failure - Anatomy and Physiology
- TM-058 Diabetic Nephropathy
- TM-045 Hypertension
- TM-135 Proteinuria and Nephrotic Syndrome
- TM-146 Systemic Diseases of the Kidney (including diabetes)
- TM-151 Tubular interstitial Nephritis

Neurology

- TM-011 Altered mental status
- TM-019 Attention Deficit and Hyperactivity Disorders in Adults and Children
- TM-020 Axial Low Back Pain
- TM-028 Behavioral emergencies
- TM-034 Cervical Degenerative Disk Disease
- TM-057 Dementia syndromes
- TM-064 Dizziness
- TM-072 Facial Paralysis and Surgery
- TM-077 Headache
- TM-105 Meningitis
- TM-108 Neuropathies in Clinical Practice
- TM-141 Spine Trauma
- TM-143 Stroke
- TM-145 Syncope: Epidemiology, Prognosis and Diagnostic Evaluation
- TM-159 Vertigo, Pre-syncope and Disequilibrium Gait Disturbances

Nursing

- TM-001 12 Lead ECG in acute coronary syndrome Or Online 12-Lead ECG Workshop
- TM-067 Drug calculations avoiding errors

- TM-080 HAI: C.Diff
- TM-082 HAI: Decontamination
- TM-081 HAI: Hand Hygiene
- TM-085 HAI: Infection Control in enteral feeding
- TM-084 HAI: Infection Control in urinary catheterisation
- TM-079 HAI: MRSA
- TM-083 HAI: Safe use and disposal of sharps
- TM-078 Healthcare Associated Infections (HAI): Routes of Transmission
- TM-098 Interpretation of Coagulation Screen Page
- TM-099 Interpretation of Full Blood Count
- TM-131 Peripheral Venous Cannulation
- TM-157 Venepuncture

Ophthalmology

- TM-059 Diabetic Retinopathy
- TM-107 Neuro-Ophthalmic Vision Loss
- TM-148 The Red Eye/Conjunctivitis

Orthopedics / Sports Medicine

- TM-020 Axial Low Back Pain
- TM-034 Cervical Degenerative Disk Disease
- TM-041 Common Sports Injuries of the Ankle
- TM-056 Deformities, Injuries and Infections of the Hand
- TM-076 Hand Conditions
- TM-090 Hip and Pelvis Disorders
- TM-096 Injuries/disorders of the Elbow and Shoulder
- TM-097 Injuries/disorders of the Knee
- TM-102 Low Back Pain
- TM-106 Musculoskeletal Emergencies
- TM-125 Pediatric Sports Injuries: Introduction & Soft Tissue Injuries

- TM-126 Pediatric Sports Injuries: Lower Extremity Injuries
- TM-127 Pediatric Sports Injuries: Upper Extremity Injuries
- TM-141 Spine Trauma
- TM-144 Sudden Cardiac Death in Athletes

Patient Safety, Quality and Risk Management

- TM-008 Advanced outcomes management
- TM-012 Anaphylaxis, Anaphylactic/Non-anaphylactic Food Reactions
- TM-028 Behavioral emergencies
- TM-036 Child protection
- TM-042 Cultural Barriers to Quality
- TM-065 Domestic Violence, Intimate Partner and Child abuse
- TM-066 Drug Allergies
- TM-071 Evidence Based Medicine
- TM-074 Food hygiene in the patient environment
- TM-091 HIV for the Primary Care Practitioner
- TM-100 Introduction to Quality Measurements
- TM-105 Meningitis
- TM-119 Pain Management - Acute
- TM-122 Pediatric Emergencies
- TM-133 Pneumonia, Community-Acquired
- TM-134 Preparing for ACGME Competencies
- TM-138 Sexual Assault
- TM-144 Sudden Cardiac Death in Athletes
- TM-150 Toxicology

Pediatrics

- TM-013 Approach to Anemia - Pediatric
- TM-015 Asthma Part 1 – A General Overview
- TM-016 Asthma Part 2 – Exploring Asthma
- TM-019 Attention Deficit and Hyperactivity Disorders in Adults and Children

- TM-032 Bronchiectasis and Cystic Fibrosis
- TM-095 Inherited Bleeding Disorders
- TM-101 Late Effects of Pediatric Cancer Therapy
- TM-121 Pediatric Brain Tumors
- TM-122 Pediatric Emergencies
- TM-128 Pediatric Hodgkin's Disease
- TM-123 Pediatric Leukemias
- TM-124 Pediatric Palliative Care
- TM-125 Pediatric Sports Injuries: Introduction & Soft Tissue Injuries
- TM-126 Pediatric Sports Injuries: Lower Extremity Injuries
- TM-127 Pediatric Sports Injuries: Upper Extremity Injuries
- TM-149 Thrombosis in Children
- TM-160 Wheezing Infant Part 1
- TM-161 Wheezing Infant Part 2

Psychiatry

- TM-011 Altered mental status
- TM-019 Attention Deficit and Hyperactivity Disorders in Adults and Children
- TM-028 Behavioral emergencies
- TM-037 Chronic Fatigue Syndrome
- TM-057 Dementia syndromes
- TM-065 Domestic Violence, Intimate Partner and Child abuse
- TM-113 Office Psychiatry and the Primary Care Physician Part I
- TM-114 Office Psychiatry and the Primary Care Physician Part II
- TM-138 Sexual Assault

Pulmonary

- TM-003 Acid Base Disorders - Acidosis 1
- TM-004 Acid Base Disorders - Alkalosis 2
- TM-015 Asthma Part 1 – A General Overview

TM-016 Asthma Part 2 – Exploring Asthma
 TM-032 Bronchiectasis and Cystic Fibrosis
 TM-118 Overview of Sleep Disturbances
 TM-133 Pneumonia, Community-Acquired
 TM-152 Tumors of the Lung, Pleura and Mediastinum
 TM-160 Wheezing Infant Part 1
 TM-161 Wheezing Infant Part 2

Radiology

TM-035 Chest x-ray demystified

Rheumatology

TM-020 Axial Low Back Pain
 TM-034 Cervical Degenerative Disk Disease
 TM-041 Common Sports Injuries of the Ankle
 TM-056 Deformities, Injuries and Infections of the Hand
 TM-073 Fibromyalgia - Real Disease or Not
 TM-075 Gout and Pseudogout - Easy to Diagnose. Easy to Miss.
 TM-076 Hand Conditions
 TM-090 Hip and Pelvis Disorders
 TM-096 Injuries/disorders of the Elbow and Shoulder
 TM-097 Injuries/disorders of the Knee
 TM-102 Low Back Pain
 TM-106 Musculoskeletal Emergencies
 TM-108 Neuropathies in Clinical Practice
 TM-115 Osteoarthritis I
 TM-116 Osteoarthritis II
 TM-117 Osteoporosis in the Elderly
 TM-119 Pain Management - Acute
 TM-120 Pain Management - Chronic
 TM-125 Pediatric Sports Injuries: Introduction & Soft Tissue Injuries

TM-126 Pediatric Sports Injuries: Lower Extremity Injuries

TM-127 Pediatric Sports Injuries: Upper Extremity Injuries

TM-136 Rheumatoid Arthritis - When to Treat and Refer

TM-137 Rheumatoid Arthritis Part 2

TM-139 Sjogren's & Other Dry Mouth Syndromes

TM-141 Spine Trauma

Urology

TM-007 Acute Renal Failure - Anatomy and Physiology
